

# The Alines Problems

## 2nd Grade Writings

This is octo, he has brife green scaly skin, sharp teeth, and claws, a slimy nookus and spins a web on the planet urain. He's mad because he can't breath fire at astronots.

All his freinds can breath fire. So octo whent away and ate some space flys. When he breathe fire.

Then there was a nother problom his claws wernt sharp. His mom and dad's claws are sharp then his claws were sharp agan but now he had no nookus. Then he fel a steep. His nookus came back. Nookus is a slimy stuff that helps you stick on to things. He used his nookus to me, stick to a baloon. When the bloon was on top of erth the baloon paped. He laaid on erth. He nether got home!
